

Fat Face launches own Sunglasses Range

Friday, 14 March 2008

Fat Face, the active lifestyle brand, has launched its own range of sunglasses; fusing sports function with up to the minute style. www.fatface.com/sunglasses

Fat Face has produced a range of 22 styles for both men and women, designed for any and every activity. As you would expect from Fat Face, all the sunglasses are made to the highest specifications, meeting and exceeding European and US Safety Standards.

They also have the following great benefits:

All styles have UV 400 lenses for 100% UV protection

Durable frames, designed to take the knocks

Impact proof lenses that are designed to be shatter proof

Lenses that are "Optical Class 1"™ for increased clarity of vision

Great comfort and style features

Prices range from £45 to £75

Want to try them on?
